SynAct explores the conditions for carrying out a directed share issue

SynAct Pharma AB (publ) ("SynAct" or "the Company") has engaged ABG Sundal Collier AB to explore the conditions for carrying out a directed share issue of up to SEK 55 million based on an accelerated bookbuilding procedure.

SynAct announces its intention to carry out a directed new share issue of up to SEK 55 million, directed at qualified investors in Sweden and internationally, with deviation from existing shareholders' preferential rights, based on the authorisation granted by the annual general meeting held on 13 May 2020 (the "**Directed Share Issue**"). SynAct has engaged ABG Sundal Collier AB to investigate the possibilities to conduct the Directed Share Issue.

The subscription price for the new shares in the Directed Share Issue will be determined through an accelerated bookbuilding procedure, which will begin immediately after the announcement of this press releases. The Directed Share Issue is contingent on a resolution by the board of directors, which, alongside pricing and allocation, is expected to occur prior the commencement of trading on Spotlight Stock Market on 5 February 2021. The board of directors can at any time choose to cancel the bookbuilding procedure, close earlier or later or refrain from executing the Directed Share Issue, in part or in full.

SynAct intends to use the proceeds from the Directed Share Issue to reach the already announced milestones for its phase IIa studies in Rheumatoid Arthritis (RA), Nephrotic Syndrome and Covid-19 (ARDS), and be able to prepare for and complete a phase IIb study in RA.

The reason for the deviation from the shareholders' preferential rights is to in a time and cost-effective manner raise capital at favorable conditions for the Company's continued expansion, as well as to diversify the shareholder base with Swedish and international institutional investors.

In connection with the Directed Share Issue, the Company has undertaken, with customary exceptions, not to issue additional shares for a period of 90 calendar days after closing of the Directed Share Issue. Board members, and persons of the management holding shares and/or warrants have undertaken not to sell any shares in the Company for a period of 180 calendar days after closing of the Directed Share Issue, with customary exceptions. During the lock-up period, the Company's management and board may also sell shares to cover individual tax liabilities.

Information to distributors

Solely for the purposes of the product governance requirements contained within: (a) EU Directive 2014/65/EU on markets in financial instruments, as amended ("**MiFID II**"); (b) Articles 9 and 10 of Commission Delegated Directive (EU) 2017/593 supplementing MiFID II; and (c) local implementing measures (together, the "**MiFID II Product Governance Requirements**"), and disclaiming all and any liability, whether arising in tort, contract or otherwise, which any "manufacturer" (for the purposes of the MiFID II Product Governance Requirements) may otherwise have with respect thereto, the shares in Synact have been subject to a product approval process, which has determined that such shares are: (i) compatible with an end target market of retail investors and investors who meet the criteria of professional clients and eligible counterparties, each as defined in MiFID II; and (ii) eligible for distribution through all distribution channels as are permitted by MiFID II (the "**Target Market Assessment**"). Notwithstanding the Target Market Assessment, Distributors should note that: the price of the shares in Synact may decline and investors could lose all or part of their investment; the shares in Synact offer no guaranteed income and no capital protection; and an investment in the shares in Synact is compatible only with investors who do not need a guaranteed income or capital protection, who (either alone or in conjunction with an appropriate financial or other adviser) are capable of evaluating the merits and risks of such an investment and who have sufficient resources to be able to bear any losses that may result therefrom. The Target Market Assessment is without prejudice to the requirements of any contractual, legal or regulatory selling restrictions in relation to the Directed Share Issue. Furthermore, it is noted that, notwithstanding the Target Market Assessment, the Manager will only procure investors who meet the criteria of professional clients and eligible counterparties.

For the avoidance of doubt, the Target Market Assessment does not constitute: (a) an assessment of suitability or appropriateness for the purposes of MiFID II; or (b) a recommendation to any investor or group of investors to invest in, or purchase, or take any other action whatsoever with respect to the shares in Synact.

Each distributor is responsible for undertaking its own target market assessment in respect of the shares in Synact and determining appropriate distribution channels.
